GERMAN SAVANT CAN CHANGE MERCURY TO GOLD, SCIENTISTS SAY

New York—Alchemists, discredited "science" of medieval times, may be vindicated by experiments of American scientists.

Under the direction of the Scientific American whose editor, E. E. Free, is confident of success, experiments have been started to determine the practicability of transmuting quicksilver into gold—a feat that is said to have been accomplished recently at great expense by a German savant, Prof. Adolph Miethe of Charlottenburg Technical college, Berlin.

By Prof. Miethe's method it is estimated a pound of gold worth about \$330, would cost more than \$2,000,000 to produce. Many scientists are said to believe that this cost can be reduced materially.

The "modern alchemy" is based on modern science, the experimenters say Gold has a planetary system of 79 electrons, while quicksilver has 80. By permanently "knocking off" the superfluous electron with electric current, it is believed pure gold will result.

STATE RAILROAD OFFICIAL QUILTS POST IN MADISON

Head of Securities Division Asks for Leave, Connected with Fraud Trial

By Associated Press
Madison—G. S. Canright, head of the securities division of the state railroad commission, Wednesday requested a leave of absence of the commission and the request was granted. William Dineen, secretary, an associate.

No explanation of Canright's action was made, although it was understood it is a climax to testimony offered in the Union Food Stores Co. case in Milwaukee recently which involved the securities division.

Members of the railroad commission are in Phoenix, Ariz., attending the national convention of railroad and utility commissioners. This move is therefore believed to have come unexpectedly.

Although Canright's absence from the commission is declared to be temporary, it is understood he probably will not return to the state body.

George F. Mathews, chief statistician of the railroad commission, was named temporarily as head of the securities division.

Canright's name was mentioned in the Union Food Stores Co. case when it was testified that sales of stock in the firm were made by the securities division head. The railroad commission issued a statement in explanation, in which it was said the stock was returned to the sender together with a dividend check which Canright had received.

It had been repeatedly reported that Canright would leave the securities division although he denied such reports as did the railroad commission.

CREDITMEN MEET IN FOND DU LAC

By Associated Press
Fond du Lac—The tenth annual state conference of Wisconsin Credit men opened here Wednesday for a one day session with one of the largest attendances of the organization in years. Following a address of welcome by Mayor B. D. Heintze, the conference was entertained with a luncheon at the Hotel Wisconsin, and a L. C. Wemple, Neenah, replying affirmatively and negative or a point in the subject of "Compromise offer."

James V. Rorer, Green Bay, discussed "Analyzing the credit risk." At the afternoon session Attorney J. P. McGalloway, Fond du Lac, was to explain the federal bankruptcy act.

The conference was well depicted an investigation of credit of the "North Dakota" staged by the Northwestern Jobbers Credit bureau, and a banquet at which Judge Henry Graess, Green Bay, and J. E. Tregea, executive manager of the National Association of Creditmen will speak.

TAX REVISION IS MAIN ITEM ON 1925 MENU

Twenty-five Per Cent Reduction Is Among Plans Brought Forward

WANT PUBLICITY REPEAL Democrat Vote Is Uncertain Quantity Holding Up Action on Law

BY DAVID LAWRENCE
Copyright 1924 by the Post Pub. Co.
Washington, D. C.—One might get the impression from published reports that the Coolidge administration is overnight going to reshape the cabinet, rearrange the leadership in congress, bring about a tax revision and embark on an agricultural program. But the truth is not one of these things will be decided upon hastily.

Tax revision is perhaps the outstanding theme of discussion because there's a surplus. All sorts of plans are being brought forward, among them one to give the American people an one 25 per cent reduction on their taxes just as soon as a definite idea of government expenditures for the coming fiscal year are known.

Last time the administration ganged the tax reduction program before the voters as an alternative to the soldier bonus bill. But the bonus had been voted upon before the commitments had been made. Now, however, the alternative to tax reduction is increased government expenditure. However much the administration may want to avoid a tax controversy in a session of the present congress where the balance of power is with the LaFollette radicals, the problem will nevertheless have to be met because there are many more ways of spending the surplus on hand than simply giving it back to the taxpayers. Unless the administration foretells expenditure by announcing an intention to make a cut in taxes congress will find dozens of ways to spend the surplus.

TALK OF REPEAL

Just now there is talk of repealing the publicity provisions of the present law. This of course would be repeal of the administration had its way but the Democrats would vote. Should they persist in their coalition with the Republicans no hope of repeal could be entertained. There are reasons to believe that even the Democrats would like to get rid of the troublesome publicity question. They did not relish it when the tax bill was passed last session. They had to stand by it in order to see the Garner-Mellon rates retained in the bill. As a separate measure apart from tax rates the Democrats are not so likely to stand for the publicity provisions. For one thing, the politicians have yet to discover any concrete advantages from that part of the law and the complaints which have been pouring in rather indicate serious disadvantages and even injustice. So far as getting at the returns of big corporations or individuals congressional committees would probably be able to get all the information necessary. But the indiscriminate use of data which the government proper should keep confidential when the tax is assessed is a different matter. It is avoiding or evading taxation.

Taxpayers say that the simple publication leads to all sorts of wrong inferences. More than one individual has had an inaccurate return published. He can find little redress in asking a correction. Some taxpayers checked off losses and disappear as paying small amounts. They resent the inference that they have been avoiding taxation.

Should the administration present a repeal measure, it can really count on a majority support in both houses provided the administration puts its whole heart in the request. Some expression from Secretary Mellon to the chairman of the ways and means committee may be expected at the beginning of the next session of congress if not sooner.

DICKIE AND BABE ON PRISON SCHOOL FORCE

By Associated Press
Chicago—Nathan F. Leopold, Jr., and Richard Loeb, serving life sentences in the Cook county penitentiary for the kidnapping-murder of Robert Frank, will be members of the faculty of the prison, Warden Whitman has announced.

Leopold has begun teaching night classes in English, devoting two hours a night in instruction in reading, writing and spelling. Next week Loeb will take charge of an arithmetic class. The duties will be in addition to their jobs in the prison shops.

EVIDENCE MAY BE USED FOR TWO PURPOSES, RULE

By Associated Press
Madison—Evidence obtained from the persons of an accused by lawful search may be used as evidence to prove another offense than that for which the search was made, the attorney's general department Wednesday advised D. K. Allen, district attorney at Oshkosh.

The department informed State School Supt. Callahan that a city council may levy a tax more than sufficient to cover operating expenses and create a fund to be used for a new building.

Farm Commission

President Coolidge has named these men on his new agricultural commission. It will study agricultural conditions with a view of recommending measures for farm relief. These members are: No. 1 Robert D. Carey, Wyoming, chairman; No. 2 Charles S. Barrett, Georgia; No. 3, Ralph P. Merritt, California; No. 4, O. E. Bradford, Illinois; No. 5, Louis T. Taber, Ohio; No. 6, W. C. Coffey, Minnesota; and No. 7, Fred H. Baby, California. R. W. Thatcher of New York is the eighth member of the commission.

Mary Back Home Minus 17 Pounds

By Associated Press
New York—Mary Garden has returned home weighing 17 pounds less than on her departure for Europe six months ago. She now tips the scales at 112 pounds.

Monte Carlo was the scene of her weight reduction. She said it was due to swimming in the Mediterranean, and sun baths in her motor boat. She will leave shortly for her operatic duties in Chicago.

Explaining how she banished the 17 pounds Miss Garden said she went in her motor boat about two miles off shore, got out of her bathing suit, stretched herself on the deck and "let the sun do its worst."

Another passenger aboard the Olympic was Carlos G. Basualdo, wealthy Argentine, who was recently reported as engaged to Leonora Hughes, New York dancer.

He refused to comment on the reports but said he hoped to see Miss Hughes soon.

Deny Count Salm Sailed For America

By Associated Press
New York—Contradicting dispatches from Paris one to the effect that the count von Salm-Hoogstraten was to sail for New York Wednesday to join his wife the former Millicent Rogers and another stating that the countess was preparing to go with her child to her husband in Paris have caused the secretary to Henry H. Rogers father of the countess to comment on the reports of a reconciliation. The secretary said no word had been received of Count Salm's pending departure from Paris. He declared there has never been a separation but that the countess had returned to New York to await the arrival of the count. The secretary said that the countess was not to go abroad at any time in the near future so far as he knew.

Par'—Count Ludwig Salm-Hoogstraten, husband of Millicent Rogers, was not a passenger on the boat train leaving Paris for Chicago Wednesday morning. He was still at his hotel at noon.

Reparations Commission Fore- sees Decreases in Staff of Employees

By Associated Press
Paris—Permanent eclipse of the reparations commission to a partial if not to a total extent, is foreshadowed in a communique issued Wednesday by the commission's general secretary. The communique describes the measures of reorganization which must be enforced by January 31 in consequence of the creation of organizations provided for in the Versailles plan, the functioning of which must entail considerable reduction in the work of the other organizations of the reparations commission.

The principal delegates no longer will be obliged to reside in Paris and meetings will be grouped in short sessions. Their present salaries will be abolished but they will be entitled to fixed monthly indemnities with variable allowance depending on the number of days they are present and their traveling expenses. Many secretarial posts will be abolished as also the finance service and the service regulating reparations in kind.

CROWD SEES BUTTS LEAVE FOR WAUPUN

Slayer of Other Man's Wife Gets 25 Years, Maximum Sentence

By Associated Press
Superior—A curious throng of Superior residents Tuesday night gathered at a railroad station to catch a farewell glimpse of William Buuts, the man who killed the woman he loved, who was sentenced Tuesday to serve 25 years at Waupun penitentiary.

It was the maximum penalty imposed for second degree murder. Judge Archibald McKay pronounced sentence and directed that Buuts be placed in the custody of Sheriff W. A. Hagreen who accompanied Buuts on his journey to prison. An appeal for a new trial made by Buuts' counsel was denied.

Shortly after his arrest on a charge of shooting Mrs. Emily Ylito, wife of a Lakeside farmer last July 7, Buuts confessed. Later he repudiated his confession.

HILL IS HAPPY OVER DECISION IN CIDER CASE

Defendants Counsel Will Ask Dismissal of All Accounts Against Congressman

DECISION IS IMPORTANT

Taking of Testimony Ends Tuesday Afternoon with Three Witnesses

By Associated Press
Baltimore, Md.—Decision by Judge Morris A. Soper in federal court in eleven prayers submitted for Representative John Philip Hill which asked that the congressman be declared not guilty on all six counts of the indictment on which he is being tried will precede final arguments in the case Wednesday. The taking of testimony ended Tuesday when the government put three rebuttal witnesses on the stand. Mr. Hill is charged with violating the Volstead act by manufacturing wine and cider containing more than one half of one per cent alcohol.

Representative Hill expressed delight at the opinion handed down Tuesday by Judge Soper that it was the intention of congress in passing the Volstead act to permit the manufacture of fruit juices and cider for home use, that the limitation to one half of one per cent alcoholic content does not apply in such cases, leverages having to be intoxicating in fact to be illegal and that where the admission is made that beverages have been produced of a higher alcoholic content, the makers may present evidence to show that they are not in fact intoxicating.

Declaring it one of the most important so far given in connection with the Volstead act Mr. Hill said: "There is nothing in Judge Soper's opinion that I have not stood for since I began my fight against the iniquitous prohibition law."

WISCONSIN SPORT DEPARTMENTS DUE FOR CHANGE, CLAIM

Madison Times Announces Jack Ryan Will Be Relieved as Football Coach

By Associated Press
Madison—Several important changes in the athletic department at the University of Wisconsin will be made within the next year including a change in the director of athletics and football coach. The Capital Times says Wednesday.

E. Jones, director of athletics at Wisconsin, will be relieved of that post and retained as track coach. It is stated on reliable authority, Dr. Walter E. Meany, basketball coach is mentioned for the position of director.

It is further stated that reliable information is to the effect that a successor to Jack Ryan, football coach at the university for the past two years also will be selected. The new football coach will be paid a salary of probably \$10,000 a year and the board of regents will seek a coach of wide experience it is stated.

According to the report the university board of regents is now availing the matter of changes in the department consideration and will take definite steps before the next football season. Rumors of radical changes in the athletic department have been common for some time. The unfavorable showing made by Wisconsin in football this fall has been said to be one of the main causes for demand for the changes.

NATION AND STATE ARE REPRESENTER AT LODGE BURIAL RITES

Cambridge, Mass.—Representatives of the nation and state were assembled here Wednesday to attend the funeral of Senator Henry Cabot Lodge, member of the senate for 31 years and for much of that time an important figure in national affairs. An early train from Washington brought to Boston large delegations to express the mourning of the executive and legislative branches of government.

Secretaries Hughes and Weeks, assigned to represent the cabinet, were among these arrivals Tuesday. Captain Adolphus Andrews, naval aid to the president who came to the city at the behest of President Coolidge as his personal representative called on the family of Senator Lodge and tendered the president's sympathy. Special cars attached to the federal express from Washington early Wednesday brought committees of the senate and house of representatives. Twenty-four states were represented in this congressional delegation of mourning.

BOARD DEBATES SALARY CLAIM AGAINST JUDGE

Supervisors Argue Whether County Should Seek to Re- cover \$5,000

Whether the county board of supervisors will enter a claim against the Judge John Bottensek estate for a refund of \$5,000 for alleged overpayment of salary may be settled on Monday if transpired Wednesday morning at the second session of the fall meeting of the board.

Postponement of this decision was made following a report of the committee appointed to investigate the office of the late judge. The committee consisted of Anton Jansen, Little Chute, John Sawall, Liberty, and William Rohan, Buchanan.

The committee reported that they had received a communication from the attorney general stating that it was his opinion that the increase in salary that the legislature awarded the late judge upon the request of the county board was illegal, and that the judge had no right to accept the increase during the term of office for which he was elected.

With Judge Bottensek's will now in probate, the question was raised as to whether the county should file a claim against the estate. Since the time for filing claims would have expired before the meeting of the board, Judge Fred V. Heinemann present county judge extended the time to permit the board to do so, if it desired. The committee had no recommendation to make regarding the course of the board should take.

Supervisor A. McCone of Deer Creek suggested that the board merely place the report on file and drop the proposal of making a claim.

"The man is dead," he said. "Let him rest."

An opposite view was taken by Supervisor John Tracy of Appleton. "I think the board should consider this matter carefully," he said. "If the money was illegally accepted and if the money rightfully belongs to the county then I don't see any reason why we should make a donation of it."

Supervisor Rohan, a member of the committee and author of the original resolution demanding an investigation to make a decision on the newspaper report of his resignation and "the weak second it received."

"I am sorry the judge is dead," he added. "I wish he had lived. Some day that his death was brought on by this investigation. It is that I am sorry he died so easily. But I think a lesson ought to be made of those who take money that does not belong to them. I don't think that Judge Bottensek got too much money, but if he knew the law as well as he pretended to he should have known that taking the money was illegal."

Supervisor Tracy would have had the matter referred to a committee to report on what action ought to be taken, but Chairman George F. Fielder, Seymour, declared that in the investigating committee was the proper committee to make a recommendation to the board that committee thereupon Mr. Tracy asked that the matter be held open until the board has had opportunity to investigate the extent of the Bottensek estate and other incidental matters. The matter was then laid over until Monday morning.

SEE END OF AUSTRIAN RAIL WORKERS STRIKE

By Associated Press
Vienna—Representatives of the striking railroad men Wednesday reported to their unions the result of their negotiations with the railroad administration and it was generally believed the administration's proposals would be accepted and an order to end the strike issued.

If the strike ends before the meeting of the national council Thursday, Dr. Ignaz Seipel, who has been asked to form a new cabinet, will present his ministry to the council at that time.

RECEIVE \$48,789 FROM STATE TO PAY FOR ROAD PATROLS

County Board Devotes First Meeting to Getting Set for Real Business

Outgaming co will have available for the maintenance of the state patrol system a total of \$48,789 from the state, according to a communication received at the opening of the fall session of the county board of supervisors Tuesday afternoon.

This is at the rate of \$390 a mile for maintaining 126.6 miles of state highway in the county. The money will be paid the highway department in monthly installments next year. For the first time cities will also share in state highway maintenance money. Appleton will receive \$1,848 for 4.75 miles of state highways, Kaukauna \$612 for 2.4 miles and New London \$192 for .41 miles.

But little business was transacted at the opening meeting Tuesday. The members merely assembling for roll call and perfunctory business and getting ready for committee sessions.

Two communications from the Ashland county board were acknowledged and referred to committees. A communication regarding the board's recommendation to legislate for the passage of a bill relieving the taxes on pure bred sires to the extent of one animal of taxable age per farm was referred to the agricultural committee consisting of Ervin Martin, Maple Creek, James Farrell, town of Kaukauna, and William Rohan, Buchanan. The argument was advanced that the state should encourage the raising of pure bred stock and not thwart it by overtaxing.

The Ashland county board also advocates a state law making the terms of county supervisors from towns and villages two years instead of one year. This communication was referred to the ordinance committee, consisting of P. R. Appleton, Oneida, Henry Fuerst, New London, and J. Kennedy Bovina.

The Appleton car was going west on Washington st. at the time. The only damage to the Kimberly car was a bent fender.

Bittersweet Is Being Killed By Admirers

By W. F. WINSEY

For ornamental purposes, no plant growing wild in the Fox river valley is more coveted and popular in the fall than Bittersweet.

To gratify their desire for the kind of decoration that Bittersweet supplies, tourists and local people scour the fence rows, thickets and woods to the extent of forming well beaten trails and to commercialize the popular demand, certain business men of cities make it worth while financially for country boys and girls to harvest the crop before it is plucked by outsiders.

The demand for Bittersweet is based primarily on the rich coloring and surpassing beauty of the berries, their formation and arrangement, and second on the fact that they preserve their attractiveness under roof through out the winter.

Because the demand for Bittersweet is keen, the plant is becoming exceedingly scarce and is threatened with early extinction, not so much from being robbed of its berries as from being mutilated in the process. In their eagerness to get the berries, the hunters break large branches from the vines or tear the vines from their supports and tramp the evidence of this vandalism under foot.

In the vicinity of schools and colleges where embryonic botanists get the major part of their training from uprooting plants and leaving them on the ground to wither, wild flowers that once in gorgeous coloring carpeted woods and fields have been ruthlessly destroyed and almost eradicated. Bittersweet, however withstood the general scholastic attack in a measure because it is a little harder and more persistent than other plants and comes to maturity in the fall before botanists have begun botanizing, and it is not specially attractive in spring and summer when they are abroad. But it is yielding to another enemy, its friends, the public.

Owing to the fact that destructive admirers were pulling up the plants when picking the flowers of the water lily and were leaving neither root nor seed to grow thereafter the water lilies had almost disappeared from the ponds and lakes of Wisconsin before protective laws were passed by the legislature. These laws may save the water lily but unless similar laws are passed to save Bittersweet or it is domesticated, it will soon be eradicated by its most fervent admirers.

CHILDREN STUDY TEXTBOOK WRITTEN BY SUPERINTENDENT

A. G. Meating Prepares Course
of Study on Prevention
of Accidents

A textbook on "Prevention of Accidents" is the latest educational experiment in the schools of Outagamie county under the jurisdiction of A. G. Meating, county superintendent. Such a textbook, prepared by Mr. Meating with the assistance of Judge Edgar V. Werner, is now off the press and is the first of its kind in the state.

The book is a 40-page pamphlet and has been published in compliance with the 1921 laws of Wisconsin which require of all schools a minimum of 30 minutes a month instruction on ways and means of preventing accidents. Mr. Meating prepared the course and the outlines of study, while the legal statement relating to accident prevention and the dissertation on the law of negligence and liability were prepared by Judge Werner.

Although teaching of accident prevention has been made compulsory, teachers were considerably handicapped for lack of material, and had no textbook other than a copy of the statutes. While some books discuss accident prevention from the practical angle, none of them give the children the proper legal background for determining their own and others' responsibilities.

COVERS GROUND WELL

Among the subjects presented are Common Sources of Accidents, Ordinary Care, Reasonable Anticipation, Dangerous Substances, Prevention "Don'ts," Proximate Cause in the Law of Negligence, Foreseen and Expected Result, Degree of Care.

The increasing number of accidents reported in the daily papers, the still greater number of minor preventable accidents and near accidents that occur daily in every community, but particularly in Appleton, accidents causing severe injuries to a local boy and involving a misunderstanding of the indirect responsibility, were motives for the preparation of the book.

Teaching of accident prevention in the schools fits in with the safety campaigns of the Safe Drivers club, the American Legion, the Elks lodge, the railroad companies and newspapers, and the cooperation of such organizations interested in prevention of accidents will be enlisted.

**KENNETH HARLAN PLAYING
THE LA PLANTE**

Kenneth Harlan, "The Virginian," in the film lay by that name and a leading man of many notable performances in the last year or two, plays the role of Craig Spaulding in the film version of "Butterfly." Kathleen Norris novel, which comes to the Elite theatre next Thursday, Friday and Saturday.

"Butterfly" was directed by Clarence L. Brown and released as a Universal-Jewel Clarence Brown production. The all-star cast, chosen with an eye for ability already proven in successive achievement, includes Laura L. Plante, Norman Kerry, and Ruth Clifford. Kerry, who is remembered for his portrayals in "Merry Go Round," "The Frenchback of Noire Dame," and "The Acquittal" plays Konrad Kronski, the violinist; Miss La Plante, who has made three starring vehicles, will play "Butterfly." Miss Clifford plays Hilary, Butterfly's older sister.

"Butterfly" in the short period since its publication, has been accorded widespread popularity with all classes of readers. It is neither a typical "best seller" nor a "high-brow" story, being rather a book appealing to everyone. Olga Prinzelau wrote the continuity.

The picture was filmed with careful fidelity to the novel and is rated as one of the best modern screen dramas of the year, having balanced comedy situations with a series of strong dramatic situations.

**PICTURE OF BEAUTY
DESCRIBES THE FILM**

"Let Not Man Put Asunder," the J. Stuart Blackton production adapted from Basil King's famous novel of the same name, will be the attraction at the New Elton theatre today and Thursday. This is the most sensational picture of the season.

Love's Sacrifice

Alice was a normal girl, with a normal girl's longing for a home, children, happiness. She was glad, therefore, when her dearest friend, Loraine, won a good man and settled down to a happy married life. The shock came to Alice later when she discovered herself deeply, passionately, in love with her friend's handsome husband—and that he was as passionately in love with her.

Out of this triangle grew one of the most dramatic episodes that true life has to offer. Alice tells everything under the title, "An Old Maid's Story"—in the December True Story Magazine. Like the many other absorbing features in this big issue, you can't afford to miss it. Get it at your newsstand—today.

BRIDGE WON'T BE OPENED FOR WEEKS

Finish Paving on South Approach Before Structure Can Be Used

Although it will be possible to use the Cherry-st bridge this winter, it will still be several weeks before the structure can be opened to traffic. Although several vehicles have already passed over the bridge and pedestrians are crossing it constantly, the passage for the first automobile was under a makeshift plan.

The bridge is now blockaded and cannot be used until the pavement at the north approach has been laid. The brick pavement on the viaduct has been completed and also the necessary filling in at both approaches is finished. The aerial cables used for carrying material has been removed, and workmen are now engaged in taking down the towers. The last remaining work is a little cinderling at the south approach and a concrete pavement from the north extremity to Second-st. It is now possible to approach the bridge from the south end by driving in on South Cherry-st either from Seymour-st or from the newly improved Adams-st at Foster-st.

PRAYER TOPIC TAKES UP SOCIAL SIDE OF LIFE

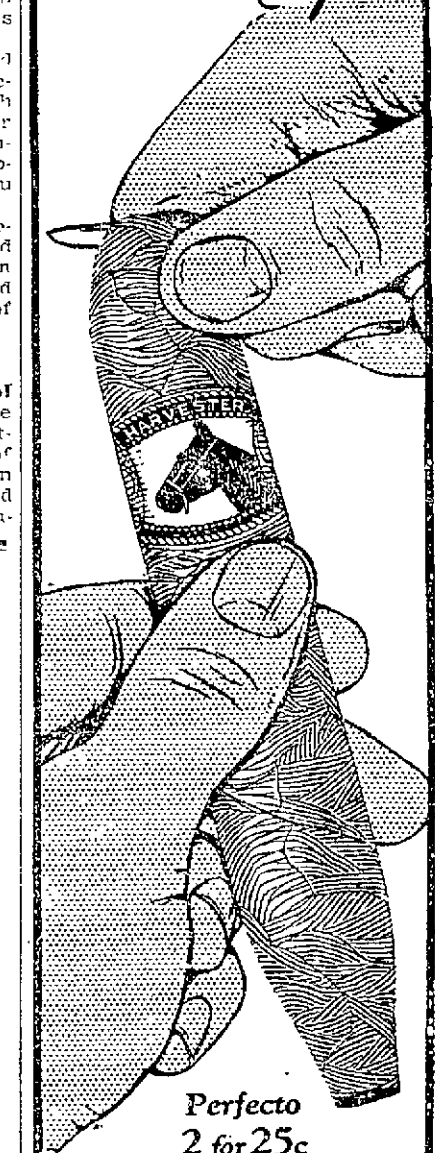

"A Christianized Social Order" is the topic for Wednesday in the week of prayer being observed by the Y. M. C. A. in connection with a worldwide movement. Two Bible passages, "Am I my brother's keeper?" and "The fruits of the spirit" are used in the discussion to show how christianity can be applied to the social side of life. Prayers include a plea for divine guidance of those in leadership in national, industrial and social life. These subjects are taken up in meetings of dormitory men of the Y. M. C. A. at 8:30 each evening.

ational, emotional exposition of the pitfalls of marriage and divorce that ever has been presented on the screen. The theme of love misguided provides one of the most gripping, human, heart-touching stories ever afforded motion picture lovers. It is a ringing indictment of divorce and a stirring appeal to men and women who contemplate marriage, and those who are married, to abandon the follies of modern life wherein lies the peril of discontent.

It is a picture of beauty; the sets are lavish and there is an atmosphere of luxury that places the picture far in advance of any recently shown here. It breathes wealth and society, yet possesses the element of greatness in drama, human characters who live and suffer and are regenerated through the supreme sacrifice.

Pauline Frederick and Lou Tellegen, two of the greatest emotional players on the screen, have the leading roles and are supported by Leslie Austen, Helena D'Algy and an all-star cast of players.

Mission Club Learns Of \$300 Legacy In Will

A legacy of \$300 was bequeathed to the Womens Foreign Missionary society of Methodist Episcopal church by Miss Zella Smith, formerly the librarian at Lawrence college. It was announced at the meeting of the society in the parsonage Tuesday afternoon. This fund is to be used to carry on the work of the organization.

Mrs. J. R. Denyes was chairman of the program for the afternoon, which included songs by Mrs. Edwin Godfrey; reports of the missionary conference at Wausau by Mrs. L. A. Zeigler and Mrs. Denyes, who were delegates; and a graphic account of the beginnings of missionary work in China, given by Mrs. Stephen Rosebush. Mrs. Rosebush made her talk more vivid by using a map of China to trace the paths of the missionaries, Robert Morrison and Peter Parker, as they worked into the country.

A missionary tea followed the program and was held at 6 o'clock in the church parlors. About 150 persons attended. The committee in charge included Mrs. N. H. Brokaw, chairman; Mrs. Jennie Batemann, Mrs. E. C. Brayton, Mrs. Edwell, Mrs. George Fargo, Mrs. A. B. Fisher, Mrs. W. D. Kutz, Mrs. Samuel Plantz, Mrs. Jackson Rosch, Mrs. L. A. Youtz and Mrs. Lydia Phillips.

Church Will Prepare For Pledge Sunday

A hot dish and coffee will be served by the Womens association at the family basket supper at 6:30 Thursday evening in First Congregational church. Dishes and gifts will be placed at the tables by the women. Practically the entire program, even to the singing, will be devoted to preparation for pledge day, which comes next Sunday. Financial plans of the church for the year will be presented and speakers will explain why there should be a big response to the voluntary pledging toward the 1925 budget.

Members will be seated at tables by districts and it is expected there will be keen rivalry for the largest attendance. This gathering takes the place of the regular church night supper and is intended to be a "party" for pledge Sunday.

CHURCH SOCIETIES

The Deaconess board of First Congregational church met Tuesday afternoon in the church parlors. Regular monthly business matters were discussed.

A general invitation has been issued by St. Agnes guild of All Saints church to the dance to be given at 8 o'clock Friday evening in Parish hall. Mrs. L. H. Moore is chairman of arrangements, and Mellorimba orchestra will furnish music. Plans for the dance and for the bazaar to be held Thursday, Nov. 20, were discussed at the meeting Tuesday afternoon at the home of Mrs. E. L. Bolton, 490 College ave. The next meeting will be with Mrs. L. H. Moore, 626 Union-st.

St. Paul Ladies aid society will hold a monthly business meeting at 2 o'clock Thursday afternoon in St. Paul schoolhouse. Reports of the bazaar which was given last week will be presented.

The regular monthly business meeting of the Christian Endeavor society of the First Presbyterian church was held Monday evening at the home of Mr. and Mrs. J. E. Bond, 751 Morrison-st. Eleven members were present. A social hour followed the business meeting.

About fourteen members of the Queen Esther society attended the pot lunch supper given for them in the Methodist Episcopal church parlors Monday evening. The basket weaving which is being done in connection with the Christmas work of the organization was continued after the supper.

Circle No. 1, Methodist Episcopal church, Mrs. H. E. Griffin, captain, will meet at 2:30 Friday afternoon at the home of Mrs. Fred Smith, 1051 Second ave. Regular business matters will be transacted.

Health and Vitality for Women

Health and Vitality can be yours without narcotics or drugs. Keeping well is largely a matter of keeping at bay those dread ailments peculiar to women as evidenced by headaches, nervousness, dragging-down pains, backache and irritability. For fifty years Lydia E. Pinkham's Vegetable Compound has been overcoming such conditions and restoring sick and ailing women to health. It surely pays every suffering woman to try it.

Women Report On Result Of Finance Drive

The result of the first few days of finance week, the annual drive of Appleton Womens club, will be checked up at a supper meeting at the clubhouse at 6 o'clock Wednesday night. Mrs. L. J. Marshall is general chairman of the committees at work soliciting in the city in an effort to secure the budget of the club. Another supper meeting will be held Friday evening for a second check-up. The club has made arrangements to accommodate about 100 women.

HIGH SCHOOL GRID SQUAD WINS CLOSE GAME WITH DEPERE

West DePere Makes Stronger Showing Than Expected in Final Battle

Kaukauna — Coach "Tiger" Bill Smith's high school gridder ended the most successful season in many years when they copped from West DePere on the latter's field in an Armistice day exhibition Tuesday afternoon. Although having a big edge on the DePere gang according to comparative scores and anticipating no trouble in winning, the Orange and Black came out ahead by the slender margin of two points. The score was 8 to 6. It may have been over confidence which slowed up the Kaukauna eleven during the first half. The team played like a bunch of sandlotters and without the spirit and pep which featured their fight against Appleton. The DePere backs tore through the Orange and Black line easily although it is doubtful whether DePere would have continued the good work long enough to score had not one of the men broken away from the local squad for a 55 yard run and a touchdown. DePere scored in the first quarter. After that Coach Smith's men woke up and showed more aggressiveness. The ball was worked slowly toward the goal but with the oval within a foot of the line the boys lacked punch to push it over. DePere received the ball within a few inches of its line and attempted to plunge through the Kaukauna team to safety. The boys held for three downs, however, and the DePere 220-pound guard stepped back into punt formation. He made a pretense of attempting a punt but was tackled behind the line before he had a chance to get into action. The half ended 6 to 2 with DePere on the long end. A strong wind was blowing toward the Kaukauna goal and had DePere been able to hold the locals, their strategy would have worked for no player could have punted out 30 yards against the wind. A stiff tongue lashing between halves brought the Orange and Black to the surface and the boys started playing bang up football with the start of the half. Kaukauna kicked off but the home aggregation not only found a stone wall but was forced backward from two to five yards on every play. DePere punted only five yards into the wind and Kaukauna received the oval on her 30 yard line. A sweeping end run by Kilgas with Sterling interference by Miller was good for 14 yards. A play was made which netted 8 yards more. The third plunge took the pigskin to the three yard line from where Farwell went over on the fourth play on a long end run. Shortly afterward a driving rain set in and both teams were unable to do anything. The ball was slippery and the boys were soaked but Kaukauna had the advantage and kept the ball well within its opponent's territory. Once more during the last quarter the boys started a march toward the goal but a fumble on DePere's three yard line spoiled another chance for a score. In his eagerness to get into the plays "Red" Peters, Kaukauna's star center, was offside time after time and Kaukauna was penalized frequently for the offense.

FUNERAL OF MRS. KLINE WAS HELD ON TUESDAY

Kaukauna—Funeral services for Mrs. Jacob Kline, 70, who died Saturday afternoon at her home, 216 Wisconsin-ave, were held at 9 o'clock Tuesday morning at Holy Cross church. Burial was in St. Mary cemetery. Bearers were B. J. Verfurth, W. C. Ditter, William Graves, Joseph Kuehn, William Seiberlich and Steve Dietzler. Mrs. Kline was born March 28, 1854 near Darby but has been a resident of Kaukauna for the last 37 years.

WANT DEPOSITORS NOT LARGE SUMS

Schools Emphasize Regular Thrift Rather Than Amount of Money Saved

Kaukauna—Officials of Thrift, Incorporated, have been in the city talking in the various schools in an effort to increase the number of bank depositors each week. In the grades the amount saved is not emphasized; to have every pupil save at least something each week is the goal to be reached.

Bank day Tuesday in the high school netted only 71 per cent of the student body. The number of separate classes reaching the 100 per cent mark is increasing, however. The library under Miss Marcella Thompson has entered the select group during the last few weeks. The thrift banner for the week went to Miss Genevieve McGowan's English 1 class.

Other 100 per cent classes were sewing 11, Cooking 1, English 1, Shortland 1, and Unit States history 1. The amount deposited was \$87.55 with the east assembly far in the lead with \$28.85.

The seventh grade in junior high school made a good showing Tuesday. The "A" group registered 90 per cent and the "B" group was 95 per cent thrifty. Fifty-nine per cent of the "A" group of the eighth grade deposited money while only 43 per cent of the "B" group were savers.

The first and second grades of Park school were 100 per cent in thrift. Other classes were as follows: third grade, 80 per cent; fourth and sixth grades, 94 per cent; fifth grade, 67 per cent; kindergarten, 48 per cent.

ASK FOR NEW BIDS ON VILLAGE HALL

Combined Locks Defers Awarding of Contract—New Election Record Set

Special to Post-Crescent
Combined Locks—New bids have been asked for the community building and village hall which is to be built here. The quotations received by the board were unsatisfactory and the contract, therefore, was not let last week. It is expected that the cost can be reduced somewhat from the original estimate.

Election day here set a new record. A total of 126 votes was polled, the largest ever recorded since the village was incorporated. The village was the first in Outagamie-co to file a complete count on all candidates Tuesday night.

Herman Jensen, Jr., who graduated from Pio Nono college of St. Francis last spring, has been appointed organist for Holy Name church at Kimberly. He also will train children for the choir of the new St. Paul Catholic church here.

ARMISTICE DAY IS CELEBRATED WITH PARADES, DINNERS

James H. McGillan Makes Addresses to Two Audiences —Predicts Jap War

Special to Post-Crescent
New London—The Armistice day program under the auspices of the American legion was a success, despite the prevailing poor weather. The program commenced at 11 o'clock with a parade of legion members and school pupils, from the American Legion hall to Taft park, where flag raising services were held.

The bugle corps sounded "taps" as the flag was raised, and buglers then stationed themselves at intervals in the surrounding vicinity and sounded calls, making the ceremony impressive. The parade was then led back by the drum and bugle corps to the legion hall, where it disbanded.

The next event on the day's program was the Lions and Rotary clubs' joint meeting and a banquet at the Methodist church parlors. The dinner was served by the society of the Methodist church. The drum and bugle corps and officers of the American legion were guests of honor. Attorney James H. McGillan of Green Bay gave the address, in which he talked on the World war and the next war, which, he claims, will positively be fought with Japan.

Next came a high school parade at 1:30 which met the drum and bugle corps at Beacon-ave and marched to the football field at 2 o'clock, where the big football game, in which New London defeated East De Pere by a score of 18 to 6, took place.

Festivities of the day ended with the banquet and ball, given by the American legion in Knights of Columbus hall. One hundred and ninety people were served by the Women's Relief corps, which gave the dinner at 6:30. Gold star mothers and the G. A. R. members were guests of honor. Mr. McGillan again gave the address, urging the nation to prepare for the inevitable war with Japan, which must be fought in the near future. The Rev. V. W. Bell spoke for the Lions club and the Rev. H. P. Freeling for the Rotary. William H. Hatten also gave an address. The banquet was followed by the dance, which a large crowd attended.

COURT ADJOURNS MONDAY FOR WEEK

Judge Parks Will Occupy Bench at Milwaukee for Week of Nov. 17

Special to Post-Crescent
Waupaca—Circuit court for Waupaca-co opened again Monday at 2 o'clock to continue throughout the week, and then will adjourn to Monday, Nov. 24, as Judge Parks will occupy a bench in Milwaukee for the week of Nov. 17 to 22.

Applications for marriage licenses received during the week ending Nov. 10 for Waupaca-co were as follows: Walter Klenert, Farmington, to Edna Grunwald, Dayton; Henry Breiling, Maple Creek, to Lucy Wetmore, Matteson; Abe A. Rice, Waupaca to Eva Erickson, Farmington; Herbert Jicha, Oconto, to Frances Poppy, Mukwa; W. F. Hintz, Fremont, to Alma Klesig, Green Grove; Herman Schultz, Wisconsin Veterans Home, to Augusta Sherbert, Stevens Point.

A check has been made in the date for the basketball game between Waupaca City team and the Neenah team. The game has been moved up one day bringing it on Thursday night instead of Friday. Fred Bushey, manager of the local team, will give all men a try for positions in this game and it should go a long way to determine who are to be the regulars out of the present squad.

Several committees of the county board have been at work in the various offices of the county auditing books of the officers for the county in preparation for the fall session of the county board which was to start on Tuesday.

Miss Evelyn Kistinger spent the weekend with her parents.

Judge Parks returned to his home at Wisconsin Rapids for the weekend.

BELIEVE FIRE CALL WAS ONLY PRANK

Alarm Supposedly from Court Home Reveals no Fire There at All

New London—The fire department was run to the court house on Quincey-st at 4:45 Tuesday afternoon but failed to disclose any fire. After visiting all the other court residences in the city there was still no sign of fire. Chief Ziebell then gave up. Whether someone has played a practical joke on the fire department or that the fire was put out before the truck arrived has not yet been discovered. So other allegations turned in, and Chief Ziebell believes that he has been the victim of a prankster.

HAVE KIDNEYS EXAMINED BY YOUR DOCTOR

Take Salts to Wash Kidneys If Back Pains You or Bladder Bothers

Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys in their efforts to expel it from the blood. They become sluggish and weakened; also you may suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To help neutralize these irritating acids, to help cleanse the kidneys and flush off the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness.

Jad Salts is inexpensive; can not injure and makes a delightful effervescent lithia-water drink. By all means have your physician examine your kidneys at least twice a year. adv.

JUNIORS, SENIORS PLAN GRID SCRAP

Special to Post-Crescent
New London—Juniors of the high school will stage a football game with the seniors Saturday afternoon, Nov. 15. Now that all school football is ended for the season, the two classes have decided to battle for the gridiron supremacy of the school, the juniors and seniors having practically all of the football men in the school.

Among the stars who will play for the juniors are Jilson, Cochran, Olson, Westphal, Bocher, Ladwig, Dent, Charlesworth, Borchardt, and Schmalleberg. Those who will battle for the seniors are Lowell, Radke, Ramsay, Arndt, Huntley, Algiers and Schoenrock. The game will be played at the city park.

FIRST OF CHURCH NIGHT MEETINGS WILL BE HELD

New London—The Congregational church holds the first of a series of church night meetings Wednesday night. These start with a supper at 5:30, followed by a fellowship program. There will be community singing led by E. L. Reuter at the organ. Special features such as readings, solos, choruses, slides and motion pictures are to be included.

Now is the Ideal Time to Build More Paved Highways

There is not a single community in the United States that does not need a greater mileage of permanently paved roads.

16,000,000 motor vehicles are now using our highways for business and pleasure. They are packing the paved roads in already congested areas, as well as over-running regions until recently considered remote. And they are pounding to pieces all but permanent roads.

Even though a number of states have made good progress in building Concrete Roads, their present permanently improved mileage is entirely inadequate, as every motorist knows.

Meantime, while the building of permanent highways lags, the production of motor vehicles is increasing the present total at the rate of 4,000,000 a year!

Sooner or later this gap must be closed. Why wait?

Not in a long time have general conditions been so favorable for carrying on such public works as permanent highway building, thus assuring tax payers more for their money.

Now is the ideal time to extend both street and road programs!

AT ALL DRUGGISTS

The Larger Service

The larger service is not typified by the storekeeper who delivered a spool of cotton in a five-ton truck manned by three men.

Nor is it typified by the man who attempts to unload the contents of a freight car with a market basket.

The larger service consists of giving the people what they want, when they want it, at a minimum cost of time, labor and money. This, the Standard Oil Company (Indiana) does.

Cost and waste are closely related. Cost is controlled and waste is eliminated by the same factors—capable management and intensive organization.

The Standard Oil Company (Indiana) has lowered consistently its manufacturing costs by creating new and useful products from that residue of petroleum which had been acknowledged as waste.

Each new product created has been made to bear its true proportion of the manufacturing costs of all products taken from the single base—crude petroleum.

The benefits accruing from this economy have been passed to the consumer in lower prices and improved service.

Because the business of the Standard Oil Company (Indiana) is balanced to a fine point there is no slack season. A shut-down in its manufacturing plants seldom occurs. There is no waste effort or unnecessary overhead expense to be absorbed. Products flow through the manufacturing channels of this Company uninterruptedly and are sold at natural—not artificially maintained—prices.

Such a condition in the Standard Oil Company (Indiana) is not a circumstance, it is a policy—for experience has demonstrated that manufacturing cost, selling price and quantity production are inseparable.

The Standard Oil Company (Indiana) is inspired by a determination to render the most comprehensive service—the larger service. This means a tremendous turn-over, with a small profit per unit of sale.

It is on this foundation that the Standard Oil Company (Indiana) has become one of the truly great institutions of America—a constructive force for good—and an influencing factor in solving problems closely related to the social and economic welfare of the thirty millions of people in the Middle West.

BOWLERS ROLL ON
ALLEYS AT MENASHA

Steele's Straightaways Will En-
gage Twin City Stars in
Match Games

Menasha—Bowling fans will be given a treat Saturday, Nov. 15, at Menasha alleys when Steele's Straightaways of Milwaukee, one of the best aggregations of pin spillers in the country will roll Menasha bowlers in doubles and five men team matches.

The Milwaukee team will bring its full strength, Danl, Wabl, Zoske, Nuss and Charles Daw, the latter being a two medal winner at the A. B. C. tournament at Milwaukee in 1923, and finishing second in the all events.

These games, through the courtesy of Gus Stekel of Milwaukee and Harry Hossett of the Menasha alleys, will be free. The doubles matches will start at 7 o'clock, while the team event will be called at 10 o'clock. Appleton bowlers and fans are invited to attend.

HEAVY DEMAND FOR
FOOTBALL TICKETS

Menasha—Menasha high school is having a big call for tickets for the football game with Neenah high school at Recreation park at 2 o'clock Saturday afternoon. Several advance group sales of from 10 to 30 have been made. The team is working hard this week in anticipation of a stubborn game. The game will close the season for both teams.

BRIDGETENDER FEEDS
FLOCK OF SPARROWS

Menasha—Gus Herman, tender of Tayco-st bridge, feeds a flock of nearly two dozen sparrows that he has been caring for daily for the last two or three years. When he goes on duty he never fails to have some bread for them and they are always there to receive it. They are so tame that when traffic is quiet they will eat out of his hand and when perch on his hand or knee. When navigation closes in the fall he turns the feeding of them over to others and they appear to know when to expect him in spring as they are always waiting for him.

TRUCKS SCRAPE EACH
OTHER ON NARROW BRIDGE

Menasha—More than two barrels of choice winter apples were scattered about the railroad tracks at the south end of Tayco-st drawbridge at 9 o'clock Tuesday morning. A motor-truck loaded with fruit was headed north and when it got on the bridge it met another truck headed towards Neenah. A projecting board on the fruit truck came in contact with the other truck and caused a portion of the load to find its way to the ground. Quite a number of people assisted in picking up the fruit.

H. S. STUDENTS PRESENT
ARMISTICE DAY PROGRAM

Neenah—An Armistice day program arranged by members of the senior class was rendered in the assembly room of Kimberly high school at 2 o'clock Tuesday afternoon. S. F. Shattuck was the speaker.

The program opened with the singing of America by the school and this was followed by an opening talk by C. F. Hedges, superintendent of schools. The remainder of the program included a reading, "Let We Forget," by Neal Klausner; "I Am An American," Charles H. Haskins; recitation, "My Country," Robert Westphal; song, "My Own United States," Miss Ethyl Williams; address, S. F. Shattuck; recitation, "The Boys Who Are Not There," Lois Luther, community singing.

BROKEN FENCE WILL BE

HONLINE ADDRESSES
NEENAH CLUB DINNER

Conference Speaker Compares
Education with Raising
Crop of Corn

Neenah — Prof. M. A. Honline of Pasadena, Calif., one of the principal speakers at the older boys and girls conference at Appleton last week, addressed the Neenah club at its luncheon Monday. He compared education of children to raising corn, declaring that to raise a corn crop there first must be seed; second, there must be soil, and third there must be cultivation. It is the same way with a human being. First, it is necessary to have the proper seed, second, there must be the right environments, and third, education along right thinking. If the father ranks 100 per cent as a man and the mother 50 per cent as a woman the child would not have the right chance with other children, Dr. Honline said.

The speaker emphasized the necessity of children choosing the vocation in which they are most interested and best fitted. Too many start out in life without any definite plan and take the first job offered them. As a result they watch the clock too closely while working. A man happy in a position is a 100 per cent man and does the most efficient work. As an illustration, he called attention to Edison working 16 hours a day and finding pleasure in his work.

Prof. Honline addressed a meeting at the Baptist church at 3 o'clock Monday afternoon and another at the Methodist church Monday evening.

BUS DRIVER CLEARED OF

FACE AS HE FALLS

Neenah — Michael Halloran, an employe of Neenah cold storage building, cut his face quite badly in a fall to the floor during a haunting spell Monday while about his duties. Dr. L. E. Ozanne was called and had him taken to Theda Clark hospital in the ambulance, where his injuries received attention.

You Tall Fellows

will be pleased to know we have an ample assortment of shirts made especially for you, — long bodies and long sleeves — sleeves as long as 37 in. if you need that length.

They're made of madras and, we suggest you select that kind because in woven madras the yarn is dyed before being made into cloth. Therefore the color goes clear through and stays. Madras wears better too.

FARMER IS SPARED
GORING WHEN HE
HUGS ANGRY BULL

Dog and Boy Complete Rescue
of Julius Sassman During
Animal's Attack

Black Creek—Julius Sassman, farmer living southwest of the village had a narrow escape at 5 o'clock Sunday afternoon at his home when a bull attacked him. He had the animal in the yard with the cows and was driving the cattle into the barn, preparatory to milking.

When he saw the bull was coming for him he put his arms around the animal's neck. He was thrown onto a pile of stones, which injured Mr. Sassman about the shoulders and chest.

His son Earl and dog came to his assistance at once which probably saved his life. He is able to be about Ben Koehler of Pulaski, called here Sunday on his way home from Milwaukee. He is a sophomore at Marquette University and a member of the 55-piece band. The band played with Sousa's band Saturday evening at Milwaukee when they played "March." Sousa recently composed and dedicated in their honor. Sousa was presented with a silver cup and two large baskets of flowers. Mr. Koehler is a former resident of here and a brother of Mrs. R. H. Sander.

Members of the local Red Cross are requested to attend a meeting at the Dr. Laird home at 7:30 Friday evening, Nov. 14.

Mrs. William Haas had her clothing caught in a gasoline engine in the barn at her farm home west of the village, Sunday morning. She was thrown to the concrete floor and was rendered unconscious for sometime. No bones were broken.

Charles Rechenberger, farmer living about four miles west of the village was in an accident early Monday morning. He was unconscious for a number of hours and badly bruised about the head.

Beginning next Sunday, Nov. 16, services will be held at the Methodist

church in the afternoon on Sundays for the winter. Sunday school will be held at 1:30 and the services at 2:30.

150 PEOPLE WILL
TAKE PART IN FAUST

Spectacular Drama Will Be
Given in St. Joseph Hall
For Six Days

About 150 Appleton people are being rehearsed to take part in the presentation of "Faust," Goethe's spectacular drama, in St. Joseph hall for six days beginning Sunday, Nov. 23, and ending Friday, Nov. 28. The play is being produced under the direction of J. F. Baumbach for benefit of the Catholic Home association.

"Faust" probably is the most ambitious stage production ever attempted in Appleton. The cast is enormous and the electrical and scenic effects that are being worked out will rival those seen in the largest cities, according to the committees in care of the production.

One of the features of the program will be the orchestra of 14 musicians under the direction of Prof. Percy Fullinwider of Lawrence Conservatory of Music, and the choir of 40 voices directed by Leo Nickasch, musical director of St. Mary church. Both the orchestra and the choir have started rehearsals.

In addition to the six night performances, a special matinee for children will be given on Sunday afternoon, Nov. 23.

50 COUPLES AT PARTY
GIVEN BY MENASHA CLUB

Menasha—Nearly 50 couples attended the Armistice day dance of the Menasha club at the clubrooms Tuesday evening. The room was handsomely decorated in national colors and a winning orchestra of Appleton furnished the music. Mr. and Mrs. W. G. Dowling were chairman.

The next club event will be a card party Wednesday evening, Nov. 26, which will be in charge of Mr. and Mrs. E. F. Saecker.

LIGHTNING STRIKES
BARN, SILO, KILLS PIG

Lightning, which struck a barn and concrete silo at the farm of Fred Schultz on Medina rd., about seven miles west of Appleton caused damage amounting to several hundred dollars. The crash occurred about 10 o'clock Tuesday morning. A large hole was torn in the silo and one end of the barn was shattered. Flames burst out immediately after the crash but Mr. Schultz hastily put up a ladder and a few pails of water extinguished the fire.

A pig, standing on the ground near a corner of the barn was killed by the lightning.

WATTS FUNERAL

Neenah — Funeral services for Frederick T. Watts, father of Chief of Police C. H. Watts, were held at 2 o'clock Wednesday afternoon at the home of Mrs. George S. Watson, 526 Maple-st. Services were conducted by the Rev. I. E. Schlagenhauf of the Methodist church and interment was in Oakhill cemetery.

STORY OF STRANGE WORLD IS TOLD IN CREOLE SKETCHES

Lafcadio Hearn's Tales Tell About Lives of Little Known Folks

BY ELEANOR WING

Although the works of Lafcadio Hearn have been known to the world of literature as landmarks, his work on The Daily City Item, a small New Orleans newspaper was utterly unknown until the publication of his "Fantasies and Other Fancies." And even then, the weird and dreamy Creole sketches were little understood or valued. Houghton Mifflin company recently published a volume of the selected sketches, and illustrated them with many drawings from woodcuts made by the author.

A poor young man drifted into New Orleans in 1877, and carried with him the black mark of too violent political opinions on his forehead. He led a life of a recluse down in the Creole section of the city, and wore into his experiences a very great sympathy and devotion to the Creoles and their lives. His friends for years were found among the queer old men haunted by "Ghosts," the book sellers, the landladies, and flower sellers, quacks and hoodlums, until at last he drifted into the office of the Item, and got a job, under the skeptic eye of its owner, Colonel John W. Fairfax, an old veteran of the confederate armies. And here, he received his chance to portray the varied experiences, and Creole life which he had grown to know so well.

Coming into Creole New Orleans seemed to Hearn like a voyage to "some far off slumbering Eden, into gardens of Paradise, with the old Creole city slumbering under the glorious sun." And its people are the world's representatives, for "every civilized nation sends some of its wandering children hither." And out of the conglomerate atmosphere of a Spanish, French, Indian city, Hearn has discovered some of the mystery of the early Egyptian dynasties, and some of the dignity of the Bible tales. And so, in sonorous language, he speaks in the manner of the psalms, and the simplest anecdotes are told in the stately "these and thou" dialect.

The idiosyncrasies of the people are told in ways that will be hard to forget. The grave humor connected with the awful experiences one goes through with each landlady; the ultra canal language of the Creoles; the kaleidoscopic carnival, changing and flashing under the musical breath of the orchestra; the antiquated and haunted bookshops; and the passion—or as Hearn calls it "the wind and foam and smoke—a fancy—a passing heat of the blood," seem scarcely possible in the prosaic life of the nineteenth century.

Two sketches are really masterpieces, and distinctly excel all the others. They are the tragic "City of Dreams," and "Eleusis." The first is an elusive tale of the terrible time of

Adventures In The Library

By ARNOLD MULDER

"MAARTENS MAARTENS"

"Maarten Maartens" is to my mind one of the happiest nom de plumes in literature. The Dutch novelist J. M. W. Vander Poorten-Schwartz — his real name has been so completely swallowed up in his pen name that perhaps no one would readily know who was meant if he were called by the name he bore as a citizen of The Netherlands — had a considerable vogue in England and America a few years ago but he seems to be somewhat in eclipse here now. Librarians tell me that there is not as much demand for his books as there once was. He died five or six years ago and now writers are constantly crowding to the front clamoring attention. But the character of Maarten Maartens' work is such that it is quite certain interest in him will revive in due time.

The man who could hit on such an arresting pen name as "Maarten Maartens" could not have been made of ordinary stuff. To my mind it is a better pen name even than "Mark Twain," which is perhaps the most famous nom de plume in all literature. The Dutch novelist's pen name was in many ways his best advertising asset and it is doubtful if he would have won the vogue he enjoyed for many years if he had written his books under his own name.

WROTE IN ENGLISH

Maarten Maartens did another notable thing in addition to selecting an arresting name. He did what very few writers ever succeed in doing well—he wrote his books in a foreign language. A Hollander by birth and brought up in that country, he nevertheless wrote his novels in English. They have since been translated into the novelist's native tongue but they were written as we have them in our libraries and these copies of his

the plague, when no family was untouched by the fingers of death. Hearn tells how the Creoles, always in the habit of talking to themselves, became more and more sleep walkers, talking to themselves or to "visionless beings, or to the sleepy shadows that flung jagged bits of darkness across the streets on sunny days." And the whole city was under a curse, which could only be lifted by some divine power.

And "Eleusis" is the divine little sketch of a lady's boudoir. One might almost imagine himself suddenly plunged into the Arabian Nights tales of ancient empires whose beautiful women were wrapped in luxury and mysterious sanctity.

Creole Sketches as a whole may be classed with "Messer Marco Polo" by Don Byrne, or "The Haunted Book Shop" by Christopher Morley, and may be considered one of the really beautiful collections of essays given to the public this year. The author has showed his versatility in fields of politics and literary criticism, but he has done more in this little volume, because he has recreated the Creole city, which is fast dying out, and has preserved the old world civilization which is found so seldom in America.

books are not translations, as some readers might suppose.

Comparatively few writers have done that kind of thing successfully. The most famous of those who succeeded is perhaps Joseph Conrad, whose death occurred this summer. He was a Pole who wrote novels in English that for purity and beauty of diction shames the work of most native Englishmen. Maarten Maartens' own countryman, Henrik William Van Loon, is following his example and is writing his books in English though a Hollander by birth and education. But that kind of thing is extremely rare.

MEANS MORE SALES

The reason is plain why a native Hollander should decide to write in English in preference to his own tongue. It is not that the Dutch tongue is less beautiful or less elastic than English. On the contrary, while it is never possible to compare two literary languages with any great degree of precision, there are those who maintain that the Dutch is more expressive as a literary language than the English language. Whether or not this can be substantiated, it is a fact that the Dutch is so much of a literary language that no native born Hollander would be likely to desert it on that account. Some of the world's great books have been and are being written today in that language.

The reason is one of circulation very likely. Comparatively speaking there is only a handful of Hollanders in the world—a few millions in the Netherlands and a few millions more in her colonial possessions. As is the case with any people, of the total number only a comparatively few are naturally readers and buyers of books. Hence a native Dutch novelist's audience is severely limited by his language. I am told that the editions of books published in The Netherlands are usually extremely small. It could not be otherwise. No edition of a book can be larger than the number of people who read it and are likely to read it.

So a Dutch novelist is severely cramped in the matter of readers unless he is translated. But the honor of translation usually does not come to a writer until many years after he has begun to write, and often it never comes. Hence the Dutch writer or the writer of any other country as small as that finds it good business to write in English or French or any other language spoken by many millions. It increases his potential audience manifold.

NAMED FOR NOVEL

Louisville, Ky. — A road is to be named in honor of a novel. The highway from Harlan county, Ky., to the Virginia line will be known as the Trail of the Lonesome Pine as a tribute to John Fox, Jr., author of the novel of that name.

HUSBAND DIES

London—J. W. Cross, an interesting figure in London in the eighties,

died Sunday at 84. Forty-four years ago he married George Eliot who died shortly after. In 1857 Mr. Cross was sent to New York by the banking firm with which his father was connected and he remained there through the Civil war. (Copyright, 1924, New York Times)

LETTERS DESTROYED

London—Hundreds of interesting letters from George Eliot to her niece, Miss Emily Susannah Clarke, of Thame, have been destroyed as requested in the will of Miss Clarke, who died recently. A relative who burned the letters said that if given to the world they might have formed a remarkable contribution to literature, in addition to furnishing an intimate autobiography of the authoress.

AUTHOR DIES

New York—Frances Hodgson Burnett, author and playwright, known particularly for her novel and play, "Little Lord Fauntleroy," died last month at her home, Plandome Park, Long Island. She was 75 years old and had been in poor health for several months.

Until two months ago, when the last of her novels, "Head of the House of Coombe," was published, Mrs. Burnett-Townsend had written more than a score of novels, six plays, and was editor of The Children's Book.

Fights, Feuds, Love, Lust In Last Story

D. H. Lawrence, the distinguished Englishman who adopted Tao, N.

DR. LAWRENCE

M., has stepped out of his role as psycho-analyst to write a really dis-

tinguished novel in which the complex clinics play second fiddle.

It is "The Boy in the Bush" (Seltzer) in which Lawrence collaborates with M. I. Skinner and it is a far departure from the Lawrence of "The Lost Girl," "The Sea and Sardinia," and "The Rainbow." It is the same Lawrence who wrote "Sons and Lovers," but become more assured and settled.

The book has all the elements of a good swashbuckling, fast-moving story: fights, feuds, loves, lusts, etc., and yet because of the incessant swing from the objective story to a subjective one it escapes being the commonplace adventure tale or a mere piece of literary job work.

Briefly the situation is this: an English boy of "wild" tendencies is sent by his family to an Australian cattle station where he becomes part of a pioneer Australian family and shares the primitive wild life. Conquest of rough virgin country leads to steadier communal life and then the inevitable restrictions upon individual freedom. In this device is rounded the cycle of most race development.

This is not a book for the sentimental or unsophisticated reader. The passions become as primitive as the country and its background and there are elemental scenes and events given in all their blunt and primal dress.

In drawing the Ellis family and

"the boy" Lawrence has done a distinguished piece of writing.

This Surveyor places the volume at the top of the Lawrence list.

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have

Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color.

These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system.

If you have a pale face, sallow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results.

Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 15c and 30c.

The FARMS of INDUSTRY

WE have never stopped to count the silent partners of this business—the wives and children, the fathers and mothers, and all the others who are dependent upon the members of our organization.

But probably there are over ten thousand who get their living from the plot of ground where the Kohler factory stands. A fertile farm!

Such are the farms of industry, which, side by side with those where cattle graze and grain fields turn from green to gold, are diversifying Wisconsin's strength and securing her prosperity for future generations.

For fifty years Kohler of Kohler has been cultivating its factory-farm, and all the while, like a good husbandman, has been plowing back wealth to enrich the soil of a state which agriculture and industry have made great and will make greater still.

THE letter way was a good way when it was the only way. But the art of letter writing has been lost in the rush of modern business life.

The telephone way—a better way, a more personal way—has taken its place.

More and more, Long Distance is doing the work of the postman, and the social and business letters of other decades are being replaced by the social and business telephone calls of today.

cook's voice just then. And he carried a tray and laid it on the table where His Royal Highness was playing checkers with the chief keeper of the royal bird cages.

But as he sat on the tray was an old tin teapot and an old tin fork and a queer morsel for a king.

"What's that! What's all this?" cried the king, turning purple with fury. "Who dares to insult me like this?"

"Sir," said the chief keeper, holding his head on the ground three times. "But if you please Your Highness these things are not to be eaten. They are magic."

"Magic?" cried the king, looking a little bit more polite. "What's all that?"

But what did I want with the future's tricks when I am here? What I want is food."

"Well, sir," said the cook. "If you think of anything you want to eat, just say it out loud. I'll get it for you without magic or any other thing."

Postmaster Asks Cooperation of Merchants to Boom Early Shopping

Notices have been sent out by Postmaster William H. Zuehlke to Appleton business men requesting their cooperation in the movement for early shopping and early Christmas mailing. The postoffice is interested in early shopping, because it means early mailing, and the postal officials ask the merchants to help advertise the idea of early mailing also. Shipment of foreign Christmas mail should begin this week in order to insure timely delivery. Great care should be used in the preparation of Christmas mail. The following suggestions are offered by the department:

Prepay postage on all Christmas mail.

Address the mail plainly and completely, which means with street address or box number, and using a return card for possible return delivery.

Allen Harwood Lawrence Bohon and Harold Eads already have registered for the annual State Older Boys conference which will be held at Kenosha on Nov. 28, 29 and 30. Many registrations are coming in daily and a large group is expected to attend from this city.

Wrap securely and do not seal unless with the printed directions: "Contents—Merchandise, fourth class mail postmasters. This parcel may be opened for postal inspection if necessary," with the name and address of sender, as sealed parcels not so labeled and indorsed are subject to first class postage rates.

Parcels marked "Do not open until Christmas" are permitted since it encourages early mailing.

Valuable parcels should be insured. Don't enclose letters in parcels, as this subjects the parcels to first class postage rates, but letters may be attached to the outside of parcels, with postage affixed both to the letter and parcel.

Written greetings, "Merry Christmas," "Happy New Year," "Best Wishes," etc., with names, symbols and other matter for the purpose of describing the contents of a parcel may be written on the outside of a package.

Can't Forget City's Love For Farmer

Appleton is receiving praise wherever Burt Williams of Milwaukee goes because of its great unique annual dinner of business men of city and farm, sponsored by the chamber of commerce.

Mr. Williams spoke at the dinner here about ten days ago at which more than 500 persons from Appleton and the farming community were present. He was so amazed at the size of the gathering and the spirit of cordiality there that he wrote a letter to the chamber voicing his admiration.

His letter says in part: "I certainly want to commend your work and the vision of your organization in carrying out so successful a meeting of this kind. I know your experience will stimulate many communities to do likewise."

Shortly after leaving here Mr. Williams spoke at a dinner of Milwaukee Dairy club and told the members they could do in Milwaukee what was done here. He says he will use Appleton as an example wherever he speaks on community cooperation.

MAY ROBSON SPONSORS STUDENT FELLOWSHIP

Miss May Robson, the distinguished actress, has accepted an invitation to become sponsor for International Student Fellowship, Miss Lucy Helen Pearson, founder and director, announced Monday, following Miss Robson's appearance in this city Saturday night. Another famous person who recently became sponsor to this movement is John Philip Sousa, who appeared in Appleton with his band Friday night.

Directors of the chamber of commerce will hold their biweekly meeting at 7:15 Wednesday evening in the offices in Insurance-bldg. A large amount of routine work will be considered.

FOND DU LAC LIONS SET FOR CONVENTION

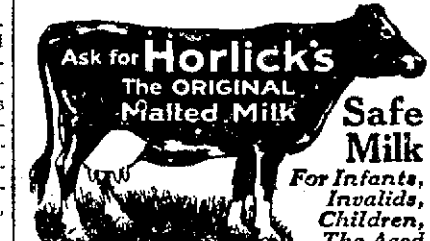

Preliminary preparations for the entertainment of the Twenty-seventh (Wisconsin) district of Lions clubs, which will be attended by a large delegation of Appleton Lions next spring, have been made by the Fond du Lac club.

At the meeting last week H. C. Berndt, past president, and general chairman in charge of the arrangements for the district convention appointed the chairmen of the various convention committees, which include program, entertainment, reception, advertising and printing, decoration, hotel and reservation, credentials and registration, stunts, parade, publicity and finance committees.

The Lionses also are forming a temporary organization to prepare for the entertainment of the visiting ladies. The Fond du Lac Kiwanis club has offered its assistance in preparing for the convention.

TWIN CITY CREDIT MEN DEBATE AT DISTRICT MEET

Neenah credit men will take part in a debate at the annual conference of Wisconsin and Upper Michigan credit men which will take place at Fond du Lac Wednesday. Starting at 11 o'clock four Neenah and Menasha men will debate both sides of the question that comprise offers should be accepted under certain conditions.

Marquette Harriers Meet Blues Before Homecoming Crowds

Lawrence Cross Country Runners Race Hilltop Stars Before Hamline Football Contest

Lawrence harriers Saturday will meet Marquette in their first intercollegiate meet of many years, and although the Blue cross country men are not expecting to win, they do look forward to making a good showing. The cross country meet will start at 11 A. M. Saturday and will be run over a 2-mile course. There will be five men in each squad. Points are scored according to the order in which the harriers come in, and the team which has the largest number of points wins. Thus, if Marquette takes first, second and third it would have six points for these three places; first counting one point, second two and third three.

Sorenson, Lochlin, Purvis, Larsen and Kingsbury comprise the Lawrence squad. They have been showing well in their daily workouts and Coach A. P. Denney is sure his harriers will give the Milwaukee schoolers some competition.

GRADE SCHOOL KIDS GET REDUCED RATES ON HOMECOMING DAY

Virtue may be its own reward but Appleton grade school pupils who have good records will have a more tangible prize to look forward to Saturday. The Lawrence college athletic authorities have made arrangements with the principals of all grade schools here to sell tickets to the Hamline-Lawrence homecoming football game at a nominal charge of 10 cents to all children who in the judgment of their teachers have the best records in their classes.

The grade school delegation will be accommodated on the east side of the Lawrence field and will be kept in a group by itself. Probably the youthful rooters will be taught the Lawrence yell, but even without knowing these they may be depended upon to do their fair share of noisemaking.

reuce squad. They have been showing well in their daily workouts and Coach A. P. Denney is sure his harriers will give the Milwaukee schoolers some competition.

This meet will be next in importance on the homecoming schedule only to the Hamline-Lawrence football game scheduled for 2:30. The grid game will be the last played on the Lawrence field and is expected to crowd the grounds to capacity. Hamline was considered a weak squad before the season opened because only a very few regulars returned this year, but after the northerners started they showed themselves to be exactly the opposite. St. Paul university was one of their most recent victims.

Coach Mark Catlin is not letting the wet weather keep his men from working. Despite the heavy rain Tuesday afternoon the huskies were out on the field again as soon as the downpour stopped, and playing on a wet field will be nothing new to them Saturday.

Tickets were placed on sale at Bellings drugstore and Alexander gymnasium Tuesday morning, and judging from the rapidity with which they are going many of the fans accustomed to buying at the gate will be out of luck.

FIRPO MEETS WIENERT SECOND TIME TONIGHT

New York — Luis Angel Firpo Wednesday night will face Charles Wienert the New York Adonis, in a 12-round no decision bout at Newark. Inaugurating "what the Wild Bull" calls his second campaign for the world's championship.

Firpo used Wienert as a final stepping stone to his battle with Dempsey last year, bowling the Adonis in to ten-second oblivion in a match in Philadelphia.

Wienert has been clamoring for a return match, believing that with his cleverness he can offset Firpo's strength and punch and outpoint the Argentine.

Charges that the teams are using professional players indicate California is progressing rapidly in the development of the American form of football.

They say anything is possible in baseball and even more expert to see a close-up of Ban Johnson kissing Judge Landis on the forehead.

Cobb says no runner will ever get anywhere without a hookslide. Nevertheless Mr. Coolidge seems perfectly satisfied with a landside.

This is undoubtedly the day of miracles. The hot-stove league is a month old and nobody has traded Eddie Collins to the Yankees.

TIGER AND BULL DOG MAY SETTLE TITLE SATURDAY

Princeton Conceded an Even Chance After Upsetting Harvard Squad

New York—The meeting of the Bull Dog and the Tiger, principals in the oldest football rivalry in America, on Saturday in the forty eighth annual renewal of this classic, will be the outstanding event of the week in the football world.

The Eli, undefeated in 1923, faces in Princeton a team which reached the height of its power against Harvard last week and appears to be now riding on the crest of a wave of triumph despite an unimpressive start.

The Tigers, defeated by Notre Dame and tied by Lehigh, will enter the game as an even choice as a result of the 34 to 0 victory over Harvard.

Yale's record is a bit more impressive because the Eli has yet to feel defeat despite two tie games with Dartmouth and West Point.

The "Big Three" championship probably will be at stake in Saturday's game as it is figured that Yale will subdue its Crimson rival when they meet in the Yale bowl next week.

Cornell's meeting with Dartmouth at the Polo Grounds should draw its share of the customers. The Ithacans, defeated by Williams and Rutgers, were slow in starting, but experts believe that the Doble machine has lost its last game despite the fact that its playing program includes Dartmouth and Pennsylvania, two undefeated teams.

PACKERS MUST WIN EVERY GAME LEFT ON MENU FOR TITLE

Green Bay Still Has Hopes Despite Lowly Position on Percentage List

Green Bay—Despite the fact that the Green Bay Packers are sitting in sixth place in the National Pro league percentage table, they stand a fighting chance to carry off National Pro honors.

It is a rough road ahead for Captain Lambeau's team but, at the pace that the Big Bay Blues are now traveling, it seems as if it is an even break for the eleven to do the trick.

The Packers will have to win all their remaining scheduled games. They face Milwaukee, Chicago Bears, Kansas City and Racine in the order named and all of these contests are played on the road.

Cleveland is leading the league with five games won and one tie but Guy Chamberlain's crew bumps into some stiff opposition in the next few weeks. They play Philadelphia on Sunday and then must rub elbows with the Buffalo Bisons, Chicago Bears and Cardinals.

Rock Island has an easy game Sunday with Kansas City but the Independents are booked for an eastern trip and it wouldn't be at all surprising if they got knocked off. Philadelphia is called on to face the best in the country and they have a couple of double week end bills scheduled. This is a tough strain on a team.

Duluth is out of the championship as the league rules call for a team to play seven league games and Duluth has only mixed in four and has no more scheduled.

The Bears are going to buck up against the cream of the post graduate elevens and, if the Packers can beat Halas & Co. in Chicago on Nov. 23, the Windy City Bruins will have to take a back seat in the championship row.

If the Packers are successful in the remaining four scheduled games, they will have won nine and lost two, giving the Boys A percentage of .818 which will just about carry off national professional football honors.

HOTEL NORTHERNS TAKE 3 STRAIGHT FROM BAKERS

Damp alleys kept the scores down Tuesday night, but despite this the Hotel Northern took three straight games from Stingers Bakers on the Olympic alleys, winning the match by close to 400 pins. J. Behrens of the winning team rolled the highest score of the evening when he toppled 518 maples, Bill Groth of the Bakers being second high with 487 pins to his credit.

The scores:
HOTEL NORTHERN Won 3 Lost 0
J. Behrens, 188, 192, 193, 618; A. Abel, 187, 154, 156, 492; C. Van Jimos, 172, 154, 156, 482; N. Brauer, 135, 129, 156, 420; Dr. Dumke, 160, 168, 168, 496. Totals 730, 837 842, 2469.

STINGLE BAKERY Won 0 Lost 3
S. Stingle, 157, 154, 112, 423; C. Telrow, 115, 132, 172, 419; P. Borscho, 112, 121, 108, 341; L. Wilhelm, 126, 149, 140, 415. Totals 546, 538, 2995.

Chicago And Illini Plan To Keep Slates Clean Rest Of Year

Both Teams Plan to Use Plays Employed Effectively Against Each Other Last Week

Chicago—Each hoping disaster will overtake the other, Chicago and Illinois, undefeated in the Western conference football title race, are determined to keep their records clean in the two games each plays before the season ends.

Although Chicago has held to a tie by Ohio State as well as by Illinois, it intends to claim the title if it goes through the games this week and next without defeat. However, "Red" Grange and company of Illinois consider they have a better claim to the crown with only one tie, providing the next two games they play are victories.

Chicago is not worried regarding the outcome of the tilt with Northwestern.

Michigan's preparation for Ohio State at Columbus is centered on Kees, Buckeye back, although offensive tactics also are being given attention by Coach Little. A crowd of Michigan rooters, 15,000 strong will accompany the team to the Buckeye battleground.

Karow of Ohio whose knee was injured recently was reported improved and may be able to appear before the homecoming crowd.

Iowa's crippled condition is raising hopes in Wisconsin's camp although the outcome of the clash of the teams at Madison will affect only the question of individual supremacy.

State interest follows Indiana in its preparation for the non-conference Vabash eleven. Purdue rests this week for its season finale with Indiana next week.

Aside from the conference, Notre Dame, grooming for Arkansas, has in view a chance to claim a national championship and an undisputed mid-western title, if it is victorious.

MENOMINEE BOWS TO MARINETTE IN INTERCITY FRACAS

Armistice Day Contest is Played Despite Heavy Rain and Darkness

Marinette — Menominee's high school eleven went down to defeat by a score of 7 to 0 against the powerful Marinette high school team in the twenty-ninth annual inter-city football classic played here as the main feature of Tuesday's Armistice day celebration.

The supremacy of the local boys rested on a touchdown and the extra point for goal when a perfect pass, Kresky to Detempe, for 35 yards, brought the ball within scoring distance, where Detempe went over for the count. The big fullback, Kresky, then kicked the goal although the ball struck the cross bars.

Before the game had been under way five minutes in the third period and after Menominee had the edge during the first and second periods, Marinette gained on the offense. The local boys made their downs twice in succession and then came the pass which brought home the bacon.

The teams were so evenly matched that only three or four first downs resulted on straight playing throughout the game. The lines were impassable for the opposing backfields, except for slight gains. The last quarter, in which Menominee again had a slight advantage, was played in the rain and semi darkness. The entire final period was almost a continuous exchange of punts with Kresky having a slight advantage.

Kresky was the bright spot of the game. His playing was phenomenal both offensively and defensively and without a doubt his clever work was the stumbling block for the lads across the river.

PINDLE MEETS BLISS IN 3-CUSHION MATCH

Billiard fans Wednesday evening will have an opportunity to watch some classy 3-cushion shooting when Harold Pindle and Harry Bliss, both of this city mix in a handicap match for a \$25 purse. Pindle is spotting his opponent 20 points and must shoot 60, to 40 for Bliss.

The match is scheduled to start at 8:30 P. M. at the Carr and Hansen billiard parlors on Appleton-st and no admission will be charged. Arrangements have been made to accommodate a large crowd as both players have extensive followings among Appleton fans.

More than 13,000 tons of sugar were produced in two beetroot factories in England last year.

NEW LONDON COPS FINAL GAME FROM EAST DEPERE, 13-6

Invaders Outweigh Reds but Aerial Attack Wins Game in Heavy Rain

New London high school Tuesday afternoon closed its football season with a 13 to 6 victory over East De Pere at New London, playing most of the game in a downpour of rain with the players so slippery from mud that it was almost impossible to tackle.

Neither team was able to score during the first period although the ball was worked from end to end of the field several times. DePere scored its first touchdown in the second quarter on a long run. One of the invading backfielders broke away and although almost every man on the New London squad had his hands on the runner his coating of mud made him too slippery to hold and he got away from them all.

The Red and White opened up an aerial attack immediately after De Pere scored and made large gains on its passes. When the New London squad had worked the ball to less than 30 yards from the hostile goal, Ladwig, fullback, shot it to Jilson, right end, who was behind the DePere goal line, for the first touchdown.

The kick for the extra point was blocked and the score tied, 6 to 6. A fumble cost DePere the game in the third quarter. Radke, left half back, grabbed the oval and ran 40 yards for a touchdown and the place-kick sailed between the uprights for

the extra point which put New London on top, 13 to 6.

The invaders outweighed New London at least five pounds to the man.

First the first time, a woman, Mrs. C. B. Alderton, the new mayor of Colchester, performed the ceremony of hauling in the first dredge of oysters at the opening of the season at Brightlingsea, England, this season.

M'GARTHY'S SHOWING RECALLS PENALTY FOR CUSSING LAST SEASON

Chicago—Austin McCarty, the 3 pound Chicago full back, who tore the Illinois line to pieces in the first period Saturday, scoring a touchdown before the Illini knew what it was all about, was named "Five Yards" McCarty by his admirers today. Illi line plunges Saturday always delivered at least that much.

McCarty's brilliant performances against Illinois revived the campus story of his suspension from the varsity eleven last season by Coach Stagg for cussing. The Maroons were in the midst of a tough game against Purdue; everything they tried failed.

"Finally, McCarty yelled out: 'Gimme that football,' punctuating the remark with a couple of cuss words.

The quarterback called McCarty's line buck and he responded with twenty yards, starting a char acteristic Maroon march for a touchdown.

But when Stagg heard the expletive, McCarty stayed on the sidelines for the rest of the season Stagg never tolerates cussing.

After the Oshkosh game here, the Sawdust City schoolers will be tendered a banquet, an annual affair here at which every school in the Valley conference is entertained in turn.

Coach Jule Kevin saw East Green Bay trim Oshkosh Friday and came back filled with praise for the work of the Baymen. In view of the fact that East Green Bay defeated the Orange last year, the Appleton gridgers are determined to snow them completely under, if possible and they have been working hard all week to get set for their trip. One of the Green Bay backs is said to be a triple threat man of great ability, while the rest of the squad is going strong and aiming at the conference title.

The Appleton huskies came through their game with West Green Bay here without injuries and are in fine shape for Saturday's contest.

APPLETON HIGH INVITES ALUMNI TO FINAL BATTLE

Marinette's Invasion Will Be Orange Homecoming Feature, Nov. 27

With two games intervening between now and the end of the schedule, which will bring Marinette here, Appleton high school plans to make the final contest a homecoming affair and is directing its chief attention to that event which is due on Nov. 27, at Lawrence field. An invasion of East Green Bay comes Saturday while Oshkosh plays here a week later.

25 NEW CITIZENS READY FOR PAPERS

Class Finishing Vocational School Will Get Court Writs Thursday

Twenty-five pupils of the citizenship class at Appleton vocational school will be among those who receive their citizenship papers at the naturalization ceremonies at the courthouse at 9 o'clock Thursday morning. Judge Edgar V. Warner will preside at the examination of candidates.

These 25 persons successfully passed an examination given at the school by George N. Danielson, United States naturalization examiner and they will be given their papers without further questioning at the courthouse. They were instructed by Attorney Edwin S. Godfrey.

Names of the pupils are:

Rudolph Peters, Joseph Hermus, George P. Retson, Martin Keyzers, Maximilian Islinger, Emma Grabow, Rudolph J. Grabow, Marianna Fischer, Joseph Bouten, John Heeseman, Henry Devereid, Adrianus Lambertus Jansen, John Admeh, John D. Wilson, Paul E. Hannemann, William Kols, Edward Kols, Adolph Mueller, Peter Van Deursen, Herman Behrendt, Johan Vanden Wyngaard, Henry A. Kamp, Edwin Weiss, Nicholas Vozdats, Martin J. Spaay and Mrs. Adolph W. Kersten.

Other applicants for citizenship who previously have been examined or who will be tested at the courthouse also will receive their papers.

One Johnston post of the American legion is arranging a program in connection with the formal issuing of certificates at the courthouse, as has been done in the past. A dinner will be given at the vocational school at noon in honor of the new citizens.

FAMILY KICKS WHEN DRUNK LASTS 4 DAYS

With Charles Fulcer, Appleton, it is a question of whether he was drunk "yet" or "again" when he was arrested Tuesday upon complaint of a relative. From the complaint, it appeared as if he had not been sober since last Thursday, for he was charged with being drunk on Friday, Saturday, Sunday and Monday.

Justice faced Judge A. M. Spencer in municipal court Tuesday morning the judge took pity on his family and held the case open for 60 days, to watch his future behavior. On the day previous he was fined \$10 and costs by Justice of the Peace Ralph Lovell of Little Chute for driving a car while under the influence of liquor. James Gerrits, village marshal, made the arrest after Fulcer had driven his car into that of a Neenah resident at Depot and Main-sts Sunday afternoon and partially wrecked the car.

NEW \$10 COUNTERFEIT NOTE IN CIRCULATION

Announcement that a new ten dollar counterfeit Federal Reserve note has been put in circulation was received at the Appleton postoffice and Postmaster W. H. Zuehlke furnishes the following description of the "bad" note:

"The bill is drawn on the Federal Reserve bank of Cleveland, O., has check letter 'D'; face plate No. 149; A. W. Mellon, secretary of the treasury; Frank White, treasurer of the United States; and portrait of Jackson."

"The bill has evidently been printed from etched plates. The appearance of the face and head of Jackson should, the information states, identify the bill at a first glance as the portrait is too white and many of the fine lines of the genuine are lacking. The small letters of 'Secretary of the United States' are very crudely made. The bill should not deceive the ordinary handler of money, it was said.

Visit Trade Schools

In accordance with the new program now being pushed by the Appleton vocational school, that of seeing what is being done in other places, Clyde Cavert and Ray Chaloner of the faculty visited vocational schools at Manitowoc, Sheboygan and Fond du Lac Monday. They reported that the work in these cities was well advanced for this time of the year.

NO DEMOCRATS IN 4TH WARD SCHOOL

Not a Democrat is registered among the pupils of the fourth ward school, it was revealed by the election, Tuesday, Nov. 4, when the grades from the fifth through the eighth cast their votes in the school polls. LaFollette received 67 votes, against 30 for Coolidge, and 2 for Foster of the Workers party. Votes were cast in booths made by the boys of the fifth and sixth grades.

The election was the culmination of a month of strenuous electioneering and intense personal interest in the problems of the country. The life of the school was centered in the coming election, and it wasn't an uncommon sight to see six or seven boys and girls of the seventh and eighth grades discussing their candidates heatedly before and after school. Some of the LaFollette supporters were bitterly disappointed at the results of the general election.

Boards to conduct the voting were chosen from the two upper grades. They were: Seventh grade—inspectors, Joseph Pietta, Yone Flentis, Ellen Koehnke; ballot clerks, Lawrence Ferg, and Charles Bohmer; clerks, Delmont Bradford and Gordon Coon; Eighth grade—inspectors, Harley Cole, Evelyn Le Roux and Alice Dittmer; ballot clerks, Elmer Jansen and Henry Lewis; clerks, Viola Behrendt and Dale Clifford.

Discussion before elections were upon the following subjects: Why we vote, Qualifications of a voter, political parties and their platforms, candidates, how to choose a candidate, names and duties of the election officials, voting, a privilege and a duty, how to mark a ballot, how the president is elected, number of congressional districts in Wisconsin and the counties included in the district, possibility of the election being thrown into the house.

DEER HUNTERS WANT SNOW BY THURSDAY MORNING

Hundreds of Appleton men who are homesick for the woods and the smell of powder will lie themselves to the hunt, this week, for the premier hunt of the year opens officially on Thursday morning. The season will close on Nov. 22, if there are any deer left at that time. The yearly exodus includes some of gray haired nitrods who have never missed a deer season since they saw their first buck. Hunters are worrying over the prospects of the northern woods. Although snow was reported to have fallen last week, yet the present warm weather holds out little hope, and the chances are that the season will be as unprofitable as last year's which was marked by a scarcity of snow and the noisy rustle of dry leaves.

BIG COAL MOVEMENT ON RIVER THIS FALL

Government Spent \$144,000 in 1924 to Strengthen Government Works

Navigation on the lower Fox river is nearing a close but not without a noticeable increase in the movement of freight. The last two months have been busy ones for the transportation of coal. Coal moved up the river during September amounted to 24,000 tons, and the October shipment approximated it, although the September shipment through the DePere locks aggregated 45,000 tons. Some days as high as 4,000 and 5,000 tons was moved. Tugs and barges were plying the waters day and night, the number sometimes being ten a day.

Considerable improvement has been made on the locks and canals of the river this year. Fox river improvement work is again under the supervision of an assistant engineer, A. F. Evraatz is the assistant engineer who has charge of the local engineering office, and he has been on duty since July 1.

ment work is again under the supervision of an assistant engineer, A. F. Evraatz is the assistant engineer who has charge of the local engineering office, and he has been on duty since July 1.

Work accomplished under the \$144,000 congressional appropriation for the present year starting July 1 includes the strengthening of locks at the John-st bridge, Appleton, the Menasha locks and the abutment at Little Chute. To prevent leakages at the sluice gates at Menasha, the plank structure in use below the gates for 25 years, are being replaced with concrete blocks.
